Nation Records - Secret Agent Entertainment Foundation - School Of Music

Dear Friend,

I have been part of the music world for over 25 years now. I was in the right place at the right time, and I received the best education from the history makers no school on earth can match. I have been on shows with some of music's greatest stars and musicians. Icons like Muddy Waters, BB King, James Brown, and Ray Charles... the list is endless. .

I started the Secret Agent Entertainment Foundation to help young musicians follow their dreams by giving them a small step up toward their goal...no promises just hope. Over the past few years we have gifted musical instruments to students who just could not afford the cost to buy or even rent one. We run our operation on a shoe string, humbly accepting what is offered and making it shine like new. Just the look on a young kids face makes me want to work harder, find a way to make any person who wants to learn the art, a way to do it.

We knew we were on the right track as last year Ms. Lindsay Boven a senior at Maine South sang a duet with National singing sensation Tony Ocean. Lindsay's performance earned her great reviews. This year she appears on the 2008 Christmas Cd as she continues her music career. Elk Grove Village 19 yr old Gina Cucci a star of local theater made her first appearance in the recording studio, and also appears on the Christmas CD. And we expanded into the graphic art world giving an opportunity for 18 year old artist Hope Lyle to design this year's cover. Hope will be a big part of future foundation events following her dreams with the rest of the gang.

I hope you enjoy this years CD. Please consider buying a few for gifts to share with friends. We have a mix of just about everything on it. We even licensed a few Bing Crosby songs to cover all demographics. We would love for you to become part of our team. Visit our website to read more about the foundation, and how you can become a team member as we grow our web site is [www.secretagentinc.org](http://www.secretagentinc.org) stop by when you get a chance.

During this holiday season may the peace of our God that is beyond all understanding be with you and your family.

Happy Holidays You're Friend
